

One Of These Days

Tynisha Keli

We've been friends for quite some time
But I should be the next in line
'Cause I'm falling in love with you
And I almost loose my cool, baby
My heart stops when you walk by
But those things I try to hide
I want you to know the truth
Being your friend is what I'll go through

One of these days I'ma make you see what I see
And hopefully, you'll fall for me
The way that I fell for you
By doing all the little things that you do
One of these days you gon' see I was made for you
It's time that I gotta show and prove
'Cause time isn't on my side
If I don't tell you now, you'll never be mine

I've laid my cards out just for you
So don't be scared to make a move
'Cause you know that I'm so gone
And with me is right where you belong
I hope that you agree
No other girl should love you but me
This love can go on
'Cause I love you, baby, I need you, baby

One of these days I'ma make you see what I see
And hopefully, you'll fall for me
The way that I fell for you
By doing all the little things that you do
One of these days you gon' see I was made for you
It's time that I gotta show and prove
'Cause time isn't on my side
If I don't tell you now, you'll never be mine

So what you think 'bout making this forever?
You're all I need so let's get it together
Let's make this thing official
Baby, you and me
So what you think about making this forever
You're all I need so let's get it togeher
Let's make this thing official
Baby, you and me

One of these days I'ma make you see what I see
And hopefully, you'll fall for me
The way that I fell for you
