

## Wonder Why

Tynisha Keli

Why the pillow cold on the other side at night??

Just the other day I was sittin by the phone waiting for you to call.

Right then I realized I never deserved for you to use my love and put it on hold.

I never thought that I'd give you up.

But I gotta break the habit boy I've had enough

You know this went wrong don't you try 2 play it off

I'm so gone only thing I need to know is why

I wonder why you never had my back and you try hard to act

Like you never lied when I called you a

Thousand times no you ain't right

I think its time to make a sudden change

So I'm jumping in my range maybe you could keep the change

You can wonder why, why the pillow is cold on the other side.

Now that I'm on my way I can't turn back now on the road to yesterday.

I've come to far by now I don't regret ya but I'm glad I finally found my way.

Another time had passed boy you can see your mistakes

Wish it didn't take for you to lose me to change

Everything is how its suppose to be they say that time heals everything

We'll see

Only thing I need to know is why

If you ever need a friend in the future

I'll do my best to be there I wont hurt ya

Just leave the past where it belongs

Cause I've moved on

And I forgive ya even though you did me wrong
