Well, I've got no more reason to live And I've got no more love to give Tonight's the night I'll paint the town red I'll put another whole through my head Unjustifiable existence, unjustifiable Unjustifiable existence, unjustifiable existence Now I feel the weight of a world on my back I've seen the future, the future looks black It's what I must do, I have no reservations Ain't talk 'bout self preservation Unjustifiable existence, unjustifiable Unjustifiable existence, unjustifiable existence Gravity crushing me, gravity crushing me Crushing me, crushing me, crushing me Yeah, I feel something pulling me down Forcing me between myself and the ground Of all the nightmares that ever came true I think that gravity is you Unjustifiable existence, unjustifiable Unjustifiable existence, unjustifiable existence Gravity crushing me, gravity crushing me Crushing me, crushing me, crushing me I've got a problem, a problem with hate I can't go on dragging this weight A cold steel hand that won't let go Acid filled thoughts out of control I built myself a nice little cage With bars of anger and a lock of rage I can't help asking, "Who's got the key?" When I know damned well, it's me No, I ain't hinting for sympathy I'm used to dealing with apathy The scars on my wrists may seem like a crime Just wish me better luck next time So what if I died a thousand deaths You think I'm insane but I have no regrets One more time won't matter no question Suicide is self expression
