

Distance Between Us

Typecast

I miss you more now
Distance is killing me
I leave my messages everyday
So I can call you

I'm new to this kind of feelin'
Never felt this way before
And now that your just feeling happy
But it felt good

Memories of us together
To me, it's anything before
Now I have you
So far away (yet, so far away)

I'm new to this kind of feelin'
Never felt this way before
And now that your just feeling happy
But it felt good
