

Emmanuel

Typecast

It's so dark
I can't see a thing
I need your help
I need you here

Because you're my light
You're my strength
Don't let me go
Swear

Don't let me go
I'm so scared
Hold my hands
Keep me from falling

You're my only hope tonight
To save me from myself
Because I don't know
If I can go on without you
You're my only cure tonight
Hold me now
So I'll be safe

It's so cold
Disoriented sense again
But it feels like home
I think I'm home

Because you're my warmth
You're my strength
Don't let me go
Swear

Don't let me go
I'm so weak
Dry my tears
Keep it from falling

You're my only hope tonight
To save me from myself
Because I don't know
If I can go on without you
You're my only cure tonight
Hold me now
So I'll be safe
