

# My Farewell

Typecast

Now I know I should go  
Cause you left me, left me here

I'm lost without you  
You ended this day  
The day I wished that never came  
I'm lost without you

Let this paper be my ticket  
A one way ride to nowhere  
For I have no worth  
This is my goodbye

I'm lost without you  
You ended this day  
The day I wished that never came  
I'm lost without you

I'm lost without you  
You ended this day  
The day I wished that never came  
I'm lost without you

Without you  
Without you  
Without you  
Without you
