

Impossible

Tyrese

What you wanted, I didn't give
Foolish me, wasn't made believe
Did the best that I could
I put you first
Guessing that's why
Why this one really hurts

I left who I used to be
To be what you needed
Should've reconsidered
'Cause the old me
Would've just cheated

Give me a reason
Our love was with leaving (oh)
Can you tell me?
Or was it always in your plan
To brake down a grown man? (oh)

What makes me so hard to love? (What makes me impossible?)
Am I impossible?
Will somebody let me know? (What makes me impossible love?)
Am I impossible?

I'm the good guy
When you want some
I'm the good guy
When I'm giving

Respect is gone
When I ain't home
When I'm out here
Trying to get it

Is there something that I'm missing?
What am I doing wrong?
Spend a lifetime chasing love
Only to find myself alone

Give me a reason
Our love was with leaving (oh)
Do you tell me?
Or was it always in your plan
To brake down a grown man? (oh)

Oh, I don't understand
Somebody help me, help me
Really need to know (oh)

Why the hell?
Why it's so hard?
To love a man
Who did his part?
You know what I did

I did the impossible for you

Oh, oh

What makes me so hard to love? (What makes me impossible?)

Am I impossible? (hey)

Somebody let me know (What makes me impossible to love?)

Oh, am I impossible?

What makes me so hard to love? (What makes me impossible?)

Am I impossible?

Will somebody let me know? (What makes me impossible to love?)

Am I impossible?

Come on, come on

Back to me

Oh, I...
