

Prior to You

Tyrese

There's a first time for everything so I knew this day would come

Took me long enough to get it, but I knew you were the one
First of all let me apologize for putting you through so much
I'll be foolish man, to ever mess this up

You caught me by surprise, I thought I'd seen everything
Until I looked into your eyes, til I found what I was missing

Girl, prior to you, I never seen something so beautiful
Baby, prior to you, I'd never seen something so fly
Prior to you, thought that love was just a fairytale
Then you came a long and showed me how to love again

If there's such a thing as heaven sent, girl that'll be you
It's all new to me, cause I've never been so over the moon
It happened to me right when I was bout to turn my luck card in
If you hadn't showed up when you did, I'd be through with it, it caught me baby

You caught me by surprise, I thought I'd seen everything
Until I looked into your eyes, til I found what I was missing

Girl, prior to you, I never seen something so beautiful
Baby, prior to you, I'd never seen something so fly
Prior to you, thought that love was just a fairytale
Then you came a long and showed me how to love again

Sunsetting over the ocean tails in comparison
Somewhere out of this world's gotta be where you're from
I don't know what I did to deserve this love that you give
Been in love before but still

Girl, prior to you, I never seen something so beautiful
Baby, prior to you, I'd never seen something so fly
Prior to you, thought that love was just a fairytale
Then you came a long and showed me how to love again

Show me love again
