

## Do You Feel It

Tyrone Davis

Do you feel it, like I feel it do you  
Do you feel it, like I feel it do you.  
I thought I had lost you forever,  
thought I would never see you again, ever/  
Thought that lovin smile of yours, was forever gone from me,  
and that laughing look in your  
eyes, again I'd never/ Strong vibrations/  
Sweet sweet sensations/  
I'm now back on location, in my heart/  
Tell me, do you feel it, like I feel it do you/

Memories of how we used to be move me, and that loneliness inside,  
proves me/to have been wrong beyond a doubt,  
and your sweet loving, aw honey I just can't live without/  
Strong vibrations, sweet sweet sensation/  
I'm now back on location...  
in my heart...  
Tell me do you feel it, do you feel it do you... (KEEP REPEATING)
