

Fighter

Tyrone Wells

When I'm at the end of my rope
So weak that I gotta let go
You come and carry me
Like it ain't a thing
When the day doesn't go as you planned it
And the whole world leaves you stranded
You do what you gotta do
Like you're bulletproof

You are bold, you are brave
In the dark you are brighter
Lover, you're a fighter
Lover, you're a fighter
You are fierce, you're a force
You're a girl on fire
Lover, you're a fighter
Lover, you're a fighter

Girl on fire
Lover, you're a fighter
Lover, you're a fighter
Girl on fire
Lover, you're a fighter
Lover, you're a fighter

When people try to take you low
Throwing words like sticks and stones
You just let it be
You don't make enemies
When you're headed for another crash landing
And everyone around you panics
You can do anything
You just spread your wings and

You are bold, you are brave
In the dark you are brighter
Lover, you're a fighter
Lover, you're a fighter
You are fierce, you're a force
You're a girl on fire
Lover, you're a fighter
Lover, you're a fighter

Girl on fire
Lover, you're a fighter
Lover, you're a fighter
Girl on fire
Lover, you're a fighter
Lover, you're a fighter
You're a girl on fire
Lover, you're a fighter
Lover, you're a fighter
A girl on fire
Lover, you're a fighter
Lover, you're a fighter

Can't stop you now

Can't knock you out
No nothing's gonna keep you down
No nothing's gonna keep you down

You are bold, you are brave
In the dark you are brighter
Love how you're a fighter
Love how you're a fighter
You are fierce, you're a force
You're a girl on fire
Lover, you're a fighter
Lover, you're a fighter

Girl on fire
Lover, you're a fighter
Lover, you're a fighter
Girl on fire
Lover, you're a fighter
Lover, you're a fighter
You're a girl on fire
Lover, you're a fighter
Lover, you're a fighter
A girl on fire
Lover, you're a fighter
Lover, you're a fighter
