

Live Wire

Tyrone Wells

What's next is anybody's guess
The heart that's in my chest is a live wire
I wait, I'm lying wide awake
I'm trying not to break, I'm a live wire

I'm doing all I can
I'm reaching out my hands
Let's watch the world ignite

I light you up
I'm a live wire, live wire
I light you up
I'm gon' bring fire
I light you up
I'm a live wire, live wire
I light you up
I'm gon' bring fire

Deep breath, we take another step
Wondering what's left from the wild fire
We know the wind is gonna blow
And everywhere we go there's a wildfire

We're doing all we can
We're reaching out our hands
We watch the world ignite

I light you up
I'm a live wire, live wire
I light you up
I'm gon' bring fire
I light you up
I'm a live wire, live wire
I light you up
I'm gon' bring fire

(Whoa, whoa) I'm a live wire, live wife
(Whoa) I'm gonna bring fire
(Whoa, whoa) I'm a live wire, live wife
(Whoa) I'm gonna bring fire

I'm doing all I can
I'm reaching out my hands
Let's watch the world ignite

I light you up
I'm a live wire, live wire
I light you up
I'm gon' bring fire
I light you up
I'm a live wire, live wire
I light you up
I'm gonna bring fire

(Whoa, whoa) I'm a live wire, live wife
(Whoa) I'm gonna bring fire
(Whoa, whoa) I'm a live wire, live wife

(Whoa) I'm gonna bring fire
(Whoa, whoa)
(Whoa)
