

# Make It Through

Tyrone Wells

When the sun comes up tomorrow  
It'll be a brand new day  
We can leave behind the sorrow  
And the dark of yesterday

I can see the clouds are breaking  
There's a rainbow in the sky  
There's a second chance we're takin'  
When it comes to you and I

Nothing good is ever easy  
I know there's work to do  
But we'll make it through  
Make it through  
I'll be holding on to you  
We will make through

There's a tree outside my window  
That is losing all its leaves  
And it looks as if it's crying  
But the cold will not retreat

Even in the darkest winter  
Still the spring is on its way  
Everything that once was dying  
Will bloom and take our breath away

Nothing good is ever easy  
There's always work to do  
But we'll make it through  
Make it through  
I'll be holding on to you  
We will make it through

Yeah, we'll make it through  
Make it through  
We'll be stronger when we do  
Yeah, we will make it through

Yeah, I know the night is long  
The light is gone  
But just hold on

Yeah, I know the night is long  
The light is gone  
But just hold on

Cause we'll make it through  
Make it through  
I'll be holding on to you  
We will make it through

Oh, we will find a way to make it through  
We will make it through  
Oh, we will find a way to make it through  
We will make it through

Even in the coldest winter  
Still the spring is on its way  
And everything that once was dying  
Will bloom and take our breath away
