Turn that phone off, don't you know
I need to look in your eyes
Barcelona, you keep going to
Somewhere else in your mind
I've got issues like I miss you
Like I need to be with you tonight

I want you to notice, notice
When I need you
Closer, closer
Can't you see I'm
Human after all?
Need someone to catch my fall
When I'm falling

When the world is on my shoulders
And it's pushing me down
When I can't be your soldier
Come on and save me now
Do you see me? Do you hear me?
Do you need me? 'Cause I need you now

I want you to notice, notice
When I need you
Closer, closer
Can't you see I'm
Human after all?
Need someone to catch my fall
When I'm falling

I want you to notice, notice
When my heart gets
Broken, broken
Can't you see I'm
Human after all?
Need someone to catch my fall
When I'm falling
Oh I want you, want you, want you to notice

'Cause I know you're there
But it feels like you're far away from
And I know you care
But it feels like there's somewhere else you'd rather be
But I can't do without you
And I don't wanna have to
I just want you to notice
