

Sorry

Tyrone Wells

Late night drive, I'm playing back that conversation
I, no I can't get you out of my mind
Just need one second chance but I'm only human
I, know I can't seem to turn back the time

Never thought I'd make you feel this way
I've only got one thing left to say

I didn't mean to leave you there to worry
Didn't mean to let lines get so blurry
Didn't ever wanna see you hurting
I, I am sorry
Didn't mean to leave you there to worry
Didn't mean to let lines get so blurry
Didn't ever wanna see you hurting
I, I am sorry

Words are only words
If what I say is not working
I, will give up no, I will keep on trying
I don't like to feel so far away from you
And I'm apologizing cuz I'm done fighting

Never thought I'd make you feel this way
I only got one thing left to say

I didn't mean to leave you there to worry
Didn't mean to let lines get so blurry
Didn't ever wanna see you hurting
I, I am sorry
Didn't mean to leave you there to worry
Didn't mean to let lines get so blurry
Didn't ever wanna see you hurting
I, I am sorry

I'm sorry, so sorry, I'm sorry, oh, so sorry now
I'm sorry, so sorry, I'm sorry, oh, so sorry now
I'm sorry, so sorry, I'm sorry, oh, so sorry now
I'm sorry, so sorry, I, I am sorry

I know I don't want to feel this way
I know you don't want to feel this way
I'm sorry

I didn't mean to leave you there to worry
Didn't mean to let lines get so blurry
Didn't ever wanna see you hurting
I, I am sorry
Didn't mean to leave you there to worry
Didn't mean to let lines get so blurry
Didn't ever wanna see you hurting
I, I am sorry

I'm sorry, so sorry, I'm sorry, oh, so sorry now
I'm sorry, so sorry, I'm sorry, oh, so sorry now
I'm sorry, so sorry, I'm sorry, oh, so sorry now
I'm sorry, so sorry, I, I am sorry
