Borderline

U.D.O.

Cannot break the silence
Under cover plan
Eyeball recognition
Finger printing scan
What a wonderful world we live in
Values dead and gone
A wonderful world we're killing
Why did it all go wrong
It's up to you - no matter who
Never ever cross the borderline
I'm telling you - yes, me and you
Never ever cross the borderline
Satellite connections
Saw it on t.v.
Killing all our senses
The games become too real
What a wonderful world we live in, ...
It's up to you, ...
One thing that you can do
Mess with the rules
It's not too hard to try
It's up to you - yes, up to you
The world is in a fever
Colour, speed and sound
A high tech generation
We lost the solid ground
What a wonderful world we live in, ...
It's up to you, ...
