

Forever Free

U.D.O.

I want to live my life not influenced by lies
I need to make up my own mind
I've seen the changing times, they didn't fit so right
It sent my fears to a new height

I've found my own way to believe
A brand-new level of relief
I'm flying free into the sun
Come and join me everyone

We will be forever free
Live your life, take it far
We will be forever free
Live your life, be who you are

I see no point to take this nuclear abuse
Hey! What the hell is going on?
We talk about democracy and liberty
Instead oppression's all I see

I've found my own way to believe
A brand-new level of relief
I'm flying free into the sun
Come and join me everyone

We will be forever free
Live your life, take it far
We will be forever free
Live your life, be who you are

We will be forever free
Live your life, take it far
We will be forever free
Live your life, be who you are
