

Heroes of Freedom

U.D.O.

The year is 1944
The date 6th of June
Grey and cold - no summer near
They caused a storm untold
One hundred fifty thousand men
Willing to sacrifice
And open up the gates of hell
Feeling the bullets strike

Heroes of freedom
Leading the way
Heroes of freedom
Remember the day

The operation overlord
Gonna make them bleed
Well-planned ahead - such loss of blood
Never will we forget
The evil didn't have a chance
By tearing down the walls
The beginning of the end
As the Third Reich falls

Heroes of freedom
Leading the way
Heroes of freedom
Remember the day

Heroes of freedom
Leading the way
Heroes of freedom
Remember the day

Heroes of freedom
Leading the way
Heroes of freedom
Remember the day
