

## I'm a Rebel

U.D.O.

They say I won't make it to the top of the hill  
Won't take the fruit of a tree  
And ev'rybody says I'm out for the kill  
They're all laughing at me  
They're all laughing at me  
I'm a rebel - rebel - don't you just know it  
I'm a rebel - rebel  
And they're all laughing at me  
They say I'm a danger to the public and all  
I only wish they would see  
I'm just a product of a screwed up world - but they're  
all  
They're all laughing at me  
But they're all laughing at me  
I'm a rebel - rebel - don't you just know it  
I'm a rebel - rebel - don't you just know it  
I'm a rebel - rebel  
But they're all laughing at me  
Never ever wash my old blue jeans  
And brush the smile off my face  
But still I'm a member of the  
Human race - human race - human race - human race  
I'm a rebel - rebel - don't you just know it  
I'm a rebel - rebel - don't you just know it  
I'm a rebel - rebel - don't you just know it  
I'm a rebel - rebel  
And they're all laughing at me  
I'm a rebel
