

Isolation Man

U.D.O.

Come try and find me
I'm here day and night
Not gonna happen
You'll have to stay outside
Won't get to know you
I have to be alone
I will be rotting here
Rotting all alone
My biggest nightmare
I was not ready for
Was not ready for

Abandoned in lost and found
Ticking clock the only sound

Fear of the venom
Isolation man
Fear of the venom
Isolation man
Fear of the venom
Isolation man
Fear of the venom
Isolation man

Days getting longer
Endless is the night
Got separation blues
No end in sight
Depression rising
Thoughts I never knew
Feels like my mind will blow
Sanity will go
Can't take the pressure
Cannot take it anymore
Take it anymore

Abandoned in lost and found
Ticking clock the only sound

Fear of the venom
Isolation man
Fear of the venom
Isolation man
Fear of the venom
Isolation man
Fear of the venom
Isolation man

Fear of the venom
Isolation man
Fear of the venom
Isolation man
Fear of the venom
Isolation man
Fear of the venom
Isolation man
