

## Living Hell

U.D.O.

Working hard all day and night  
To get the bills all paid  
She had to keep her mind real tight  
Knowing she will get laid

She makes your heart beat faster  
But she's a living disaster

Dreams come true in neon lights  
Nevertheless it's hell  
Torn apart by men's delights  
Nevertheless it's hell

Dreaming of a better life  
But it's hard to get out  
A never-ending inner strife  
Always out and about

She makes your heart beat faster  
But she's a living disaster

Dreams come true in neon lights  
Nevertheless it's hell  
Torn apart by men's delights  
Nevertheless it's hell

Dreams come true in neon lights  
Nevertheless it's hell  
Torn apart by men's delights  
Nevertheless it's hell

Dreams come true in neon lights  
Nevertheless it's hell  
Torn apart by men's delights  
Nevertheless it's hell
