

## Marching Tank

U.D.O.

They tried to hypnotize me, to crush my pride  
But they will never grind me, bowing down to me  
Fill me with anger, I will never hide  
So they can kiss my ass, this is not goodbye

Nobody hears my, my inner cry  
And that is why I'm here a soldier of the metal world  
And you are the reason why I love my crazy world

Heeding the voices in the head  
Leading the way, telling where to go  
Heeding the voices, voices in the head  
No true regret, forever marching on  
I'm the Marching Tank

Now I will hypnotize you, will raise your pride  
I'll find a way to praise you, watching over you  
Removing anger, no more need to hide  
I'm here to rock your ass, this is not goodbye

Now you will hear my, my sonic cry  
And that is why I'm here a soldier of the metal world  
And you are the reason why I love my crazy world

Heeding the voices in the head  
Leading the way, telling where to go  
Heeding the voices, voices in the head  
No true regret, forever marching on  
I'm the Marching Tank

Heeding the voices in the head  
Leading the way, telling where to go  
Heeding the voices, voices in the head  
No true regret, forever marching on

Heeding the voices in the head  
Leading the way, telling where to go  
Heeding the voices, voices in the head  
No true regret, forever marching on  
I'm the Marching Tank
