

# Pain

U.D.O.

I give my finger to the system  
I give my finger to it all  
I don't care about the reason  
I don't want it anymore

Let us live our life  
Yes I can decide  
Let us be alive  
Put the pain aside  
Then you know you're living right

How much pain can we take  
No more for gods sake  
It's enough for everyone

How much pain can we make  
Before we leave it all  
I don't want it anymore

I don't wanna play your system  
Don't wanna play your stupid rules  
I don't care about your reasons  
Don't you take me for a fool

Let us live our life  
Yes I can decide  
Let us be alive  
Put the pain aside  
Then you know you're living right

How much pain can we take  
No more for gods sake  
It's enough for everyone

How much pain can we make  
Before we leave it all  
I don't want it anymore

Try eating some of your own shit - for once  
Cos' I'm not taking it - anymore

How much pain can we take  
No more for gods sake  
It's enough for everyone

How much pain can we make  
Before we leave it all  
I don't want it anymore
