U.D.O.

News break overload  
Chaos, day and night  
Mental overdose  
A live feed from the sky  
Western hemisphere  
The danger being spread  
Lies transmitting fear  
And simple minds reset

And signs of resistance, crushed  
The right of existence, flushed  
So reckless and distant  
The end is so near

Propaganda  
Degraded, yet forced to comply  
Propaganda  
It will infiltrate you and I

Dark supremacy  
Creeping from the ranks  
Who's the enemy?  
Washing bloody hands  
Mad, but powerful  
Digging up the dirt  
Non-accountable  
Keep yourself alert

And signs of resistance, crushed  
The right of existence, flushed  
So reckless and distant  
The end is so near

Propaganda  
Degraded, yet forced to comply  
Propaganda  
It will infiltrate you and I

Faking news, hallelujah  
Glorifying the lie  
Hail, the ancient Medusa  
Purify and deny

And signs of resistance, crushed  
The right of existence, flushed  
So reckless and distant  
The end is so near

Propaganda  
Degraded, yet forced to comply  
Propaganda  
It will infiltrate you and I

Faking news, hallelujah  
Hallelujah  
Glorifying the lie  
Glorifying the lie

Hail, the ancient Medusa

Hail, Medusa

Purify and deny
