

Pull the Trigger

U.D.O.

Call up the guns
Beat on the drums
Join the hell
Grey magazines
Evil machines
Zero two ten
Eighty-eight millimetre mortal rounds
AK 47's make a hell of a sound
Rolling thunder's gonna get the better of you
If you wanna get ahead and win the hearts and minds
You gotta pull - pull - pull - pull the trigger
Fire your guns
You gotta pull - pull - pull - pull the trigger
Fire your guns
Pick up the phone
Start up the drones
Radio base
Head outta town
On enemy ground
Nothing to tell
Chain of command
News on demand
Security leaks
Innocent lives
Desperate lies
Deny all reports
