Many years ago
My heart and soul was full of fire
Breaking heads - hit and run
And the sun was brighter

So wild and reckless
Cared about no law and order
We used to ram - the black and whites
They called a six-one-niner

Those were my glory days Just bad-boys-crazy-ways My wild-man-holy-times I always shot on sight

And I recall the sin And I recall the sin

In many sleepless nights
I found the dream I'm missing
Kicking ass - living fast
Been living in a prison

Time to change the colours Sweep away the madness Here I come - back for good Say good-bye to sadness
