

Two Faced Woman

U.D.O.

Miles from home
So many things go 'round
So far - the fight in me so strong
Years of pain
I've suffered all the same
Today - I know I will be near
You talk about romance
You blew your only chance
'cause you're a two faced woman
But I'm a three faced man
'cause you're a two faced woman
I got a hangman's hand
Dirty tricks
I found out just in time
Enough - don't dare to cross the line
You - you fooled around
I found a way out
The tables turned - your bridges burned
You talk about romance
You blew your only chance
'cause you're a two faced woman
But I'm a three faced man
'cause you're a two faced woman
I got a hangman's hand
'cause you're a two faced woman
But I'm a three faced man
'cause you're a two faced woman
You'll live in nightmare land
Payback time - spin the dime
The balance overdue
Payback time - take a hike
You broke the golden rule
'cause you're a two faced woman
But I'm a three faced man
'cause you're a two faced woman
I got a hangman's hand
'cause you're a two faced woman
But I'm a three faced man
'cause you're a two faced woman
You'll live in nightmare land
