

Unbroken

U.D.O.

I've fought some battles in my mind
But truth I never left behind

Hold me up to see the shining light
In this real world
Take me out on a joyful ride
What a feeling

Show me a reason to change
Give me a reason to change
Still unbroken, unbroken

You are the one who showed me light
Without your flame I can't survive

You led my way before I lost the game
To this madman
Sliding down on a deep incline
Am I dreaming?

Show me a reason to change
Give me a reason to change
Still unbroken

I've been always on the run
Building my own empire
Satisfaction never done
I will fight forever

Show me a reason to change
Give me a reason to change
Still unbroken
Show me a reason to change
Give me a reason to change
Still unbroken
