

## Spanish Eyes

U2

**Dmi**                    **G**  
Wey hey hey, baby hang on  
Wey hey hey, baby hang on  
Empty heart, beat tight as a drum stick  
Empty love, she'll shine like a song  
Wey hey hey, baby hang on

**F**                                    **C**  
Our love shines like rain  
   **Ami**  
With those Spanish eyes  
   **Emi**  
Spanish eyes

**Dmi**                                    **G**  
Wey hey hey, here she comes  
Comes in colours  
Know she's gonna turn the daylight on  
Because I love the way you talk to me  
And I love the way you walk to me  
And I need you more than you need me, yeah

**F**                                    **C**  
Our love shines like rain  
   **Ami**  
In those Spanish eyes  
   **Emi**  
Spanish eyes

**F**                                    **C**  
I'd cross the world for green and gold  
   **Ami**                                    **Emi**  
But it's those Spanish eyes that get me home  
Home again

**Dmi**                                    **G**  
Hey hey, baby hang on  
Wey hey hey, you know that the night is young  
Dazzled by lights that shine in your eyes  
I'm standing in the shadows & wait for the night  
Forever in fever, forever in heat  
You pick me up, don't put me out on the street  
Wey hey hey, baby hang on  
Wey hey hey, baby hang on  
Because I love the way you talk to me  
And I love the way you're mean to me  
And I need you
