

Venus In Chains

U96

Heres Venus in the Chains of love
Fells so good, cant get enough
Chained up to her destiny
All you need is Fantasy

Step inside this vacant dream
Let me show you what It means
Ill convince you - Heres your fate
step right in and celebrate

I believe in obsession, baby
Youre driving me insane
Im addicted to your swwt lovin
A Venus in Chains

If I resign to this big Temptation
Youre the one to blame
Made me an addict of passion
Like a Venus in Chains

Heres Venus in the Chains of love
Fells so good, cant get enough
Chained up to her destiny
All you need is Fantasy

Step inside this vacant dream
Let me show you what It means
Ill convince you - Heres your fate
step right in and celebrate

I will surrender to loves seduction
Take venture as a game
'Cause Im a slave to the love religion
A Venus in Chains

You came, you saw and you conquered, Baby
You took away the pain
Now im a slave to your love religion
A Venus in Chains
