

Fool Me Once

UB40

I did something wrong, so wrong
Can I go back in time and change this song?
But it's too late for me, the damage is done
Now it's history and everything's gone

Fool me once, shame on you
Fool me twice, shame on me
I was much too blind to see
How you made a fool of me
All the promises you made
All the offers that you gave
All you needed was a slave
But I won't be fooled, I won't get fooled again

I'm such a foolish man, taken for a ride
And I regret the day you came into my life
And it turned out this way because you lied
And I will rue the day, the day you arrived

Fool me once, shame on you
Fool me twice, shame on me
I was much too blind to see
How you made a fool of me
All the promises you made
All the offers that you gave
All you needed was a slave
But I won't be fooled, I won't get fooled again

My friends all tried to tell me
I wouldn't listen to a word they'd say
But now my eyes are open wide
All I know is I can't it take anymore

Fool me once, shame on you
Fool me twice, shame on me
I was much too blind to see
How you made a fool of me
All the promises you made
All the offers that you gave
All you needed was a slave
But I won't be fooled, I won't get fooled again

My friends all tried to tell me
I wouldn't listen to a word they'd say
But now my eyes are open wide
All I know is I can't it take anymore

Fool me once, shame on you
Fool me twice, shame on me
I was much too blind to see
How you made a fool of me
All the promises you made
All the offers that you gave
All you needed was a slave
But I won't be fooled, I won't get fooled again
I won't get fooled again
I won't get fooled again
