

Forever True

UB40

For the journey is long
Our hearts are still strong
We keep right on
Forever true to the royal blue
In alliance we began
Defiance our plan
We are Birmingham
And we're forever true to the royal blue

Keep right on, forever true
Keep right on, forever true to the royal blue

With all of our might
Keep up the good fight
Victory's in sight
'Cause we're forever true to the royal blue
So strike up the band
We come from all lands
United we stand
'Cause we're forever true to the royal blue

Keep right on, forever true
Keep right on, forever true to the royal blue
Keep right on, forever true
Keep right on, forever true to the royal blue
Keep right on, forever true
Keep right on, forever true to the royal blue

Keep right on, forever true
Keep right on, forever true to the royal blue
Keep right on, forever true
Keep right on, forever true to the royal blue
