

# Gravy Train

UB40

Musical ting call the Gravy Train  
Can't afford to miss this train  
Choo choo I said the train is coming  
Choo choo I said the train is coming

Another day, another dollar  
Feels like every day the same  
And I've given it the best years of my life  
For someone else to ride on that Gravy Train  
And I say

Here comes the Gravy Train  
You can hear that whistle blowing round the bend  
You can hear the sound of laughing  
As the Gravy Train is passing  
But that Gravy Train it won't be stopping here

They say we're all in this together  
But it gets harder every day  
And if I work for a hundred years or more  
I still won't get my seat on that Gravy Train  
And I say

Here comes the Gravy Train  
You can hear the whistle blowing round the bend  
You can hear the sound of laughing  
As the Gravy Train is passing  
But that Gravy Train it won't be stopping here

Choo choo I said the train is coming  
Choo choo I said the train is coming  
Choo choo I said the train is coming  
Put on some garments put on me suit  
Diamond socks with criss clark shoes  
Haff fi call taxi cause me nah miss the train  
Miss it one time say me nah miss it again

Rich man living in his castle  
Poor man begging at his gate  
If we can only get up  
And stand up for our rights  
We can send them all to hell on that Gravy Train

Ya hear that!

Here comes the Gravy Train  
You can hear the whistle blowing round the bend  
And the carriages are burning  
Just to keep the wheels turning  
But that Gravy Train is running out of steam

Here comes the Gravy Train  
You can hear the whistle blowing round the bend  
You can hear the sound of laughing  
As the Gravy Train is passing  
But that Gravy Train it won't be stopping here

Here comes the Gravy Train  
You can hear the whistle blowing round the bend  
Choo Choo Choo Choo  
You can hear the sound of laughing  
As the Gravy Train is passing  
But that Gravy Train it won't be stopping here

Wine to the left, wine to the right  
Wine up front, wine a back  
Wine a go down, two time  
Step on the platform, right time  
Right place, right line  
It coulda rain, it coulda sunshine  
Train it a come, 10.45  
Na miss the train, not dis yah time  
Choo choo I said the train is coming  
Choo choo I said the train is coming  
Choo choo I said the train is coming  
Choo Choo Choo Choo
