

I'm Alright Jack

UB40

Don't you give me your hard luck story
I don't care now you voted for me
I know austerity's breaking your back
But I'm alright Jack

Don't complain that there's no state housing
I've bought mine made a profit of thousands
There's not many left but I can't help that
But I'm alright Jack

I'm alright Jack, I'm alright Jack

I'm doing ok, there's no more to say
Everything's going just fine
You're struggling I know but even so
I'm sick of hearing you whine

Don't you tell me you can't get a house
I've got two and I'm renting one out
Ok private landlords are holding you back
But I'm alright Jack

Don't start moaning I don't pay taxes
All of my scams they are legal practise
I'm entitled you can't have it back
And I'm alright Jack

I'm alright Jack, I'm alright Jack

I'm doing ok, there's no more to say
Everything's going just fine
Your struggling I know but even so
You don't have to moan all the time
