

## Moving Away

UB40

In every part of me I can feel you're moving away baby  
I can feel you're moving away darling  
More every day in every way  
Deep down inside of me

I can feel I'm losing you baby  
I can feel I'm losing you darling  
More every day  
In every way

Oh baby I've got the power to lead a true life  
I've got the loving you need every night  
I've got the power so  
Why are you going away yeah, yeah, yeah, yeah yeaah  
You're moving away

Deep down inside of me  
I can feel I'm losing you baby  
I can feel I'm losing you darling  
More every day oh yeah  
In every way  
Oh baby

I've got the power to lead a true life  
I've got the loving you need every night  
I've got the power so  
Why are you going away yeah yeah yeah yeah  
You're moving away  
More every day
