

Say Nothing

UB40

Tears I've cried for you
For what you've put me through
Is the pain in my eyes hard to see?
If you pierce my heart would it bleed?

When I call your name, say nothing
Just take my hand, say nothing
When I hold you tight, say nothing
Until the sunlight breaks the night

You stand with tears in your eyes
I sit in silence wondering why
Wanting to hold you so close
I will never, never let you go

When I pull you close, say nothing
And I dim the lights, say nothing
When I kiss your lips, say nothing
All our tomorrows start tonight

When me stop and me press all your buttons, say nutt'n
When me no say me wrong a no nutt'n, say nutt'n
When dem come with long hand coz dem glutton, say nutt'n
Distract too and bun up your mutton, say nutt'n
When me check dem bwoy deh fe sump'm, say nutt'n
If me stuck in a traffic a Sutton, say nutt'n
When the cost of living is high, say nutt'n
When it bun you and you feel like fe cry, say nutt'n

I'll wipe the tears from your eyes
You are my world, my paradise
Wanting you more then words can say
Let all our troubles wash away

When I lay you down, say nothing
As our body's rock, say nothing
As we reach a high, say nothing
Rocking to the rhythm of the night

When I call your name, say nothing
Just take my hand, say nothing
When I hold you tight, say nothing
Until the sunlight breaks the night

When I pull you close, say nothing
And I dim the lights, say nothing
When I kiss your lips, say nothing
All our tomorrows start tonight
