

Man Makes The Zoo

Ubiquitous Synergy Seeker

The brave explore
Advantages of Sycamore
The shore it fades
Gamma wave goodbye to brains
And coal and trains
Filter insecurities till love remains
Core competency

It comes it goes
And I feel the pull of the moon
Illusions dissolving
I rest the rush then I feel the puss
Squeeze it out
Them issues resolving
Absolving
Evolve

Your I's
Devise
Strategies to maximize
Endorphin flow
Say hello the bottom lines
The shift occurs
Somewhere between actions and words
Persist
Sweet snails
Man, he makes the zoo
The tails we chase
Erase
Marty from the picture
Grace
Is said
And done
And sought

It comes it goes
And I feel the pull of the moon
Illusions dissolving
I rest the rush then I feel the puss
Squeeze it out
My issues resolving
Evolve

I work to keep my aim true
I long to paint your skies blue
I work to keep my half full
I smile as...

It comes, it goes
As it comes, it goes [x3]
