

Stranger to Myself

Ubiquitous Synergy Seeker

With grace I go
Where I know
Thoughts I hide
Reside
I'm confused
As are you
Tonight
With grace I go
Where I know
Hearts and hugs will show
And tell
And share themselves

I miss the way your eyes and stars align
I miss the thoughts that design and build your mind
I miss the way you hold me close like vines
I miss you all the time [x2]

Sometimes I feel like a stranger to myself [x2]
To myself [x2]
Bless yourself [x2]
Bliss yourself

I love you all the time [x4]
I love the way your eyes and stars align [x3]
I love you all the time [x2]
