

Ready To Uff

Uffie

Me and feadz on a mission
And we're starving to fly
It's little uffie ofcourse
Bout to get buck wild
On this beat that you hear
It's the girl that you fear
And if you don't enjoy this shit
You can get outta here
But yo one day you will see me
Breaking out in miami
Doing x-rated shows
From houston into st. louis
Yo I'm a damn crazy brat
And I don't give a fuck
I got my man my sound my glass
And I'm ready to fuck

I'm I-I-I-I-I'm ready to fuck
I'm ready ready
I'm ready to fuck-fuck-fuck
I'm I-I-I-I-I'm ready to fuck
Ready ready ready ready to to to fuck-fuck-fuck

No I don't belong here
And I'm free as a cop
Cause my parents ain't near
I'm unable to stop
You're not owned by one nation
I'm the child of the world
See I got frustrations
They are bout to be heard
See a trick that looks shiny
And all the guys getting horny
But all this shit is so corney
Bitch ain't got nothing on me
Yes I used to be like that
But I upgraded my scale
All these girls are so whack
Now it's first class I hail

First class, first class, first class, first class
First class I hail
First class, first class, first class, first class
First class I hail
Miami, I hail I hail I hail
Miami, I-I-I-I-I hail
First class I hail-hail-hail-hail-hail

The people are looking
And the heads are turning
But what you see in the morning
Is that your coochie is burning
Yeah you pathetic whore

Who always wanted more
And when he walks through the door
Your knees drop to the floor
Now hoes got dreams as well
Trying to make a pimp proud
It's a fantasy to sell
When your heads with the clouds
These ladies are pro actors
Got men thinking they above
But inside adding up factors
That's why they get no love

Trying trying trying trying to make a pimp proud
Now hoes got dreams as well
Trying to make a pimp proud
Trying trying trying trying trying to make a pimp proud
Hoes make-make-make a pimp proud
