

I need to get away
Things been too crazy
You can be my getaway ride, I.O.U. next time
Let's play Bonnie and Clyde, I can't just let this one slide

Think you're sweet, I got the juice
Make it rain, girl, get it soon
Keep it pourin' down, monsoon

I need to get away
Things been too crazy
You can be my getaway ride, I.O.U. next time
Let's play Bonnie and Clyde, I can't just let this one slide

Think you're sweet, I got the juice
Make it rain, girl, get it soon
Keep it pourin' down, monsoon

U-U-U-Uffie bad and boujee
Shake it up and make a smoothie
(Think you're sweet, I got the juice)
Uffie bad and boujee
Shake it up and make a smoothie
U-U-U-Uffie bad and boujee
Shake it up and make a smoothie-smoothie
Uffie bad and boujee
Shake it up and-

I need to get away
Things been too crazy
You can be my getaway ride, I.O.U. next time
Let's play Bonnie and Clyde, I can't just let this one slide

Think you're sweet, I got the juice
Make it rain, girl, get it soon
Keep it pourin' down, monsoon
When the sirens goin' woo

All I see is blue in my mirror
All I need is you to be my driver
