Chains Chains

UFO

Jack of diamonds/ is a gambling man/ ["together were men"]
He played the tables /whenever he can/["while he can"]
Take some advice boy stay clean stay out of his way
Little jeannie is a dancing queen
/she's been/ ["she bounce 'n"] shaking it since she was sixteen
Skips across the tables acting out her passion play
It wasn't for money, it's only a chance
You take a gamble, got shot ["let's cut"] for romance
Chains, chains pulling you down
Chain of love that turns your world around
Chains chains pulling you down
Chain of love that turns your world around
Without a warning /jeannie took off/ ["she took off"] one night
Jack got so mean boy, he just had to fight
He died on the floor someone else evens the score
Back on the tables/ jeannie's romance had died/ ["she's roaming
 tonight"]
That one look of love that told her a lie
And for her there's no waves crashing on seashores
