

## Makin Moves

UFO

All the boys hangin' out down in the parking lot  
The night riders giving all they got  
While the girls look so good at looking bad  
Out strutting dressed in the latest fad  
Valentino looks for something new  
Escapes for the night and waits his cue  
And I love the way they make their move  
Yes I love the way they make you move

Kids called "Hammerheads" like battle dress  
Got his act down, some kind of fearless  
And tonight they're gonna make the run  
Downtown, called the garrison  
From the backrows through the alleys he screams  
You gotta get up and be mean, mean, mean  
And I love the way they make their move  
Yes I love the way they make you move

Rotten place going nowhere fast  
Some gonna make it, some don't even last  
Just one night they don't give a damn  
I'm the star of yet another sham  
There's no silver and there's no gold  
There's just that one shot before they're old  
And I love the way they make their move  
Yes I love the way they make you move  
Ooh I love I just love the way they make their move  
Makin' moves
