

## Right Now

## Ugly Duckling

1, 2, what you gonna do

Don't try to procrastinate  
Putting off a choice you have to make  
You wait and you wait and react too late  
And you need a little help so you pass the plate  
Stop looking at me I can't interfere  
You need to take a look at the man in the mirror  
Just step up, don't string me along  
When you sing me a song my sympathy's gone  
So let it drop or get off the pot  
You can motor your mouth now walk the walk  
And make it clear what you desire  
The bomb is ticking choose a wire

Do or die, the truth or lies  
Get involved or move aside  
Stay or go, raise or fold  
Slip and fall or gain control  
But right now

It's time for you to decide  
You've got to make up your mind (right now)  
Stand up you know you can't hide  
You've got to make up your mind (right now)  
It's time for you to decide  
You've got to make up your mind (right now)  
Stand up you know you can't hide  
You've got to make up your mind (right now)

Your decision please, I'm counting to three  
May I take your order, what'll it be  
No room for your ambiguity  
Do you know what this is doing to me  
You wanna sit on the sideline, trying to buy time  
Man, grow a spine stop calling for lifelines  
Draggin this out to the point of exhaustion  
Cause you're lost and you can't pick an option  
This whole act I'm not buying at all  
You're just trying to stall, you'll only heighten the fall  
Cause you can't keep, can't keep runnin away  
Is it coming today or another delay

Give or take, a risk or safe  
The perfect choice or big mistake  
Mouse or man, lie down or stand  
Lower your voice or shout command  
But right now

Do or die, the truth or lies  
Get involved or move aside  
Stay or go, raise or fold  
Slip and fall or gain control but right now

You gotta do it man  
You've got to make up your mind  
That's right, come on

You've got to make up your mind  
Stop stalling, you better do it  
You've got to make up your mind  
Come on, right now  
You've got to make up your mind  
Let's get outta here  
Sick of that stuff, you gotta make up your mind  
Stop talking, talking and talking  
It's called action man
