

## The Drive-thru

Ugly Duckling

I wanna have a MeatShake  
I wanna have a MeatShake  
I wanna know the secret  
I wanna know the secret  
I gotta have a MeatShake  
Gotta have a MeatShake  
I gotta know the secret  
I gotta know the secret  
I w..

You know hon, I'm, I'm kinda hungry a little bit  
Ehm, one of these MeatShakes kinda sounds kinda good  
Yeah, it sounds... trippy  
Yeah, let's uh, let's check it out, check it out  
Look, there's one over there  
Oh yeah yeah yeah, I'll pull over  
I got the money  
Alright, let's go to the drive through  
Yeah, definitely, definitely  
I could use a shake

(Hello and welcome to MeatShake)

Hi

Hi, how are you there?

(I am doing meaty good)

Yeah..

(Well, may I take your order) Yeah, my wife would like a shake  
(Okay, what flavor do you want? We have chicken, pork or steak)  
Huh? (We also have our special of the month Turkey Jerky  
So which one will it be?) Mh - I think that you misheard me  
(Hello?) Maybe I spoke too soft or you just didn't listen  
(You said you want a shake) Yeah, but then you mentioned chicken?  
(Uh-huh, or steak or pork or Turkey Jerky) Right, I'm confused  
(Oh, I see you're not familiar with ingredients we use  
First we take a measure of the sweetest dairy creams  
Combine it with your meat of choice, along with cheese and beans  
We mix it in a juicy batter, then we heat it up  
And add the secret syrup, then serve it in a cup)  
Yuck! That sounds disgusting (I see you're not excited)  
But wait until you tried it, you'll want it in your diet)  
Ah-ah (It's a warm and tasty way to eat your daily beef  
And it's very, very smooth, you don't have to use your teeth  
It's kinda like the brooth a pregnant women gives her fetus  
It builds you up and makes you strong) People really eat this?  
(We've served a half a million and they've all been satisfied  
We're expanding new locations and they're growing nationwide)  
But back to the shake (Okay) All you have are meats?  
(Ah-ha) What about chocolate, strawberry or peach?  
(Well, we do have vanilla) Now that sounds delicious  
(But it's Vanilla Ham, we only make it during Christmas  
Maybe you'd be happier to go across the street  
You could eat at Veggie Hut where they don't use any meat  
They play world music so it's perfect for a hippie  
You can talk about communism, meat-hating sissy)  
What?  
(Beat it granolas)  
We're not granolas

(Don't you have a protest to get to or something?)  
That's so lame, this place sucks  
So rude, honey, he just called me a sissy to my face  
I'm not a sissy  
(Shouldn't you be reading \_Dianetics\_?)  
We're outta here
