

## Booty Over Titties

Ugly God

Aye Young Ugly God bruh  
Everybody who knows me knows I'm an ass man  
That means you like booty over everything  
And I had to make this song for all the other ass men out there

I feel like the shit bitch I'm lit like a candle  
I need a bad bitch with a booty I can handle  
Face cute body toes cute with them sandals  
Girl you fine you need to give young ugly god a sample  
Young Ugly God finna' teach these hoes a lesson  
Sit yo' ass down and take notes like a freshman  
Bring yo' bitch around me, she'll be gone in a second  
Young Ugly God wrap yo' bitch like a present

I don't like breasts I put booty over titties  
Don't show me yo' chest I put booty over titties  
Booty over titties  
Booty over titties  
Booty over titties  
Booty over titties

I look like a model bitch I need to be an actress  
Ugly God got yo' bitch sprung like a mattress  
I got yo bitch with me bendin' over boy what's happenin'  
Fuck google maps bitch I'd rather use my atlas  
I'm the baddest bitch but I'm still unattractive  
Strike yo' bitch once I guarantee I'll leave her backless  
Ugly God a legend bitch I'm goddamn disastrous  
Young Ugly God poke yo' bitch like a cactus

I don't like breasts I put booty over titties  
Don't show me yo' chest I put booty over titties  
Booty over titties  
Booty over titties  
Booty over titties  
Booty over titties
