

# Suckerpath

Ugly Kid Joe

I've got the hair, I've got the teeth  
I've got the eyes  
Well Peggy, take a look outside the window  
I've got the car  
I'm the lead singer  
I'm the man

She, she come to me and set me free  
That makes me feel good ah yeah  
She, she's New York grown 'n I'm all alone  
She makes me feel good ah yeah  
Never going down a suckerpath baby  
Never going down a suckerpath baby  
Never going down a suckerpath baby  
Never going down a suckerpath

She, she makes me real and sex appeal  
That makes me feel good ah yeah  
She, she fills my soul, It makes me whole  
That makes me feel good ah yeah  
Never going down a suckerpath baby  
Never going down a suckerpath baby  
Never going down a suckerpath baby  
Never going down a suckerpath  
Never going down a suckerpath baby  
Now all day as you're calling me lazy  
Never going down the suckerpath baby  
Never go down never go down

She treats me like a foolish child  
And laughing all the while  
Makes me wanna be alive, yeah  
She sees me in a different light  
And knows I'll be alright  
Makes me wanna be alive, yeah  
All the things I could have said  
Somedays now I wish I'm dead  
A foolish child an awesome dream  
I think you know just what I mean  
Never going down a suckerpath baby  
Never going down a suckerpath baby  
Never going down a suckerpath baby  
Never go down, never go down, yeah  
Come on come on  
Come on come on

You want to ride me I don't even care  
You don't even move my style now  
I don't even care now  
Come on
