

Ice Age

UK Subs

Did anybody tell you
Why you came here?
Out of confusion
In a world of fear
Did they tell you a story
In new romance?
Now you're thinking
This is your last chance

This is the new ice age (2x)

One look in the mirror
Tells it all
Your eyes are drowning
In a waterfall
You tell yourself
That you don't care
Then shatter your image
In your despair

This is the new ice age (2x)

Save your sorrow
Save your tears
I've got an answer
If you want to hear
Move up slowly
Try to please
If you stand still
You'll begin to freeze

This is the new ice age (4x)
