

## Just Another Jungle

UK Subs

Dream of your ideal world, the way you want it to be  
Everyday boy meets everyday girl in the dance halls by the sea  
When you finally wake up, wake up to reality  
Half your life has been and gone, you're still swinging on a tree

Concrete trees  
Neon leaves  
Auto creatures  
Micro feed

Working for the welfare state, the Socialist's dream  
Working for love or working for hate - it ain't what it seems  
Too many people on the make, cutting down your tree  
You're gonna make your big mistake if you think you're gonna be free

Concrete trees  
Neon leaves  
Auto creatures  
Micro feed
