

Ode To Completion

UK Subs

Why do I always have to sacrifice
A house and a garden and all things nice
For living here under hot house lights
And sex, drugs and vampire bites

Creeping out at midnight, howling at the moon
Ode to completion

We're out there in all kinds of weather
And 9 to 5 is not for me
Get us something nice at Ann Summer
We're the alternative society

Creeping out at midnight, howling at the moon
Ode to completion

You know these street are so full of danger
I think I'll take a subway train
Kiss me long now, kiss me hearty
Cuz I might never be back again

Creeping out at midnight, howling at the moon
Ode to completion
