

Papers Lie

UK Subs

Today's papers are in the dock
The jury's out, circulation's up

Papers lie, the papers lie (3x)

Need the headlines, believe them or not
Fat cat gets eaten by fatter dog

The papers lie, papers lie (3x)

Another exclusive from the street of shame
A sixteen year old girl takes her clothes off again
We hate pedophiles, we'd have them all killed
But don't worry none, she's on the pill

We want a free press
Don't need abuse
Don't need your egos
We just want news... but

The papers lie, papers lie (3x)
