

Drawn Into The Next Void

Ulcerate

Succumb to total disavowal
The sudden emptiness descends
All that is known is mortality
And guilt crawling beneath the skin

Bow before your doubt
Within the prison of a frail shell
Embrace the condition of hopelessness
From eminence that will never be

Fail to revoke the torment
To abstain from all evil
Forgive us the permanent
Depart from this wretched curse
Fade into the inhuman

There can be no stay of self-execution

Bow before your doubt
Within the prison of a frail shell
Embrace the condition of hopelessness
Beg to conceal and deny

It will not be mistaken
This is the absolute
Inhale deceit of the reckoning

Inhale the deceit
Drawn into the next void
